

2020 Research Forum

UPDATED FOR VIRTUAL FORUM

SEMCME is sincerely grateful to all residents and faculty for participating and for your efforts during the pandemic. We still think it is important to acknowledge the full scope of the work you do by finding another way to hold this competition

Forum Details

Purpose

To recognize outstanding research by residents and highlight the importance of research as a component of the graduate medical education training experience.

Method

Virtual Slide Competition

Judging

- The criteria used to judge the slide competition focus on four areas: 1) Introduction and Background, 2) Methodology, 3) Discussion and Interpretation, and 4) Presentation. More detailed criteria appear on the score sheets.
- Research experts from SE Michigan universities and hospitals will judge the slide competition.

Eligibility Requirements for Residents

The abstracts presented at the Research Forum are the best of those presented at research day competitions in the SEMCME member institutions. Residents in good standing in member institution programs are eligible to present research abstracts in the Forum. **Fellows are not eligible to participate in the Forum.**

Each full member SEMCME institution may submit up to **four abstracts for slide presentation** (no poster competition this year). Program Member and Associate SEMCME Member hospitals are also eligible to participate in the Forum. They may submit the one paper from each department (specialty) that coincides with their SEMCME membership. **Case reports will not be accepted.**

General Participation Requirements

Program Directors whose residents are presenting in the Forum will be responsible for assuring the following:

- The presenter should be the principal investigator of the project, should have personally done (or supervised) the work being presented, and should have contributed substantially to the design and implementation of the project. Faculty sponsors or other staff members may not substitute for resident presenters
- In accordance with the ethical guidelines of major medical journals such as *Academic Medicine* and the *New England Journal of Medicine*, it is not appropriate for a person who did not participate in the project to accept credit for the work and to compete in the 2020 SEMCME Research Forum

Important Date

May 15, 2020

- Presenter Info sheet, abstract, and URL link to V/O Slide PPT due to Ginger Keiffer at gkeiffer@med.wayne.edu

- The work presented by the resident may be based on prior inquiry, but the **majority** of the project must have been done in the current training program. The resident can only make one presentation in one year. The resident may compete in more than one year during his/her training and is eligible to win a prize in each year of participation. The resident may report on a single topic in successive years, but each succeeding presentation should reflect a substantial difference from the previous presentation(s)

Information Sheet, Abstract, and Voice Over Slide PPT Requirements

Residents must submit the presenter info sheet, one page abstract, and the URL link to the voice over slide PPT by **Friday, May 15, 2020**. The documents and link should be emailed to Ms. Ginger Keiffer at gkeiffer@med.wayne.edu.

Information Sheet

This form should be completed, listing all requested information. The presenter's Program Director or Research Director must sign the certification (electronic signature acceptable). The presenter should be listed as the first or principal author with other resident co-authors following. **Note:** Attending physician and other faculty who participated in the research should be listed as "Sponsoring Faculty Persons" NOT as co-authors.

Abstract

Format

- Limited to one page (including graphs, charts, etc)
- Double-spaced, minimum of 10 point font
- Left justified and left margin set at 1"

Title

- Place at top of abstract, title is bold, capitalized and left justified, with top margin set at .08"
- Include all authors (resident and faculty). The resident presenter's name should be listed first and underlined followed by resident co-authors. Sponsoring faculty should be listed last and designated by an asterick following their names. Please use the following format:

EXAMPLE

**CHOLESTEROL, APOLIPOPROTEINS, AND
THE RISK OF MYOCARDIAL INFARCTION**

(One blank line here)

Walter Freed, M.D.; Ulga M. Johnson, M.D.;
Gordon R. Lang, M.D.; Franklin D. Schwartz, M.D.*
Upton Community Medical Center

Body/Text Suggested Outline

- Introduction
- Methods & Design
- Results
- Discussion/Conclusion

Resident Slide Presenter Instructions – Voice over PPT

1. Create a **voice over power point** of your research project and note the following requirements:
 - a. Voice over power point must be limited to **6 minutes**.
 - b. The slide presentation should consist of no more than **12 slides** that describe your research:
 1. Rehearse and convey what you want your audience to know when you are done
 - Aims of the project and why it is important
 - Research Methodology
 - Clear results and impact of the project
 - Predict questions from Judges
 2. [Other tips can be found here](#)
 3. For instructions on how to create the voice over power point, please [watch this video](#), it is less than 2 minutes!
 - c. Upload your voice over power point presentation to youtube.com
 1. Instructional video: https://www.youtube.com/watch?v=VWVUKRVf_kg
 2. **Please be sure to select “public” (not private or unlisted) under “Visibility” heading**
 - d. Submit the URL of your youtube video to Ginger Keiffer at gkeiffer@med.wayne.edu by **May 15, 2020**. SEMCME will need time to assign your submission to our judges.

With general questions contact Ginger Keiffer at gkeiffer@med.wayne.edu
Technical questions can be sent to Lisa Dillon at ldillon@dmc.com

Virtual Scoring Information for Judges and Presenters

1. SEMCME will assign and notify your 2 judges to score the presentation starting on May 22 through May 26.
2. Judges will log into their online account to score each slide and will have the ability to send written feedback to the presenter. SEMCME will send all written feedback to presenters after the judging period concludes.
3. SEMCME will convert all judge scores to standard scores (Z scores) to account for variation in how judges score and will determine the competition winners.

Awards

SEMCME will notify all winners and make arrangements to deliver awards to recipients.
