# ABOUT THE COURSE

This course is a 6-day, intensive virtual review of Internal Medicine to help with the preparation for the ABIM Certification examination. The virtual course consists of recorded lectures related to each topic in Internal Medicine and its subspecialties based on ABIM blue print, opportunity to submit questions, and an end of topic self-assessment with answers. All course material, including the course book will be provided online.

**Course materials and lectures will be accessible through the end of the 2021 ABIM Certification examination.**
