### ABOUT THE PROGRAM:

Transition to Practice is not a recruitment effort. This educational program will allow residents to feel more comfortable with the process of finding their first post training position and understanding employment arrangements. The program will be offered in a relaxed, informal environment with ample opportunity to ask questions. The information provided will be beneficial regardless of where a physician plans to practice once training is completed. Key topics to be covered include:

- **Preparing For Your Search**  
*How to Look Good on Paper*
- **Exploring Opportunities**  
*What to Expect During Site Visits & Interviews*
- **Contracts, Compensation and Benefits (Oh, My!)**  
*What to Look For in Employment Contracts*

---

### WHO SHOULD ATTEND?

This course is targeted towards residents who are nearing the end of their medical training, and would like to find employment within the next two years!

---

*This program is free of charge for SEMCME members, although registration is required. Please see the next page for more information on how to register online.*
