

## Southeast Michigan Center for Medical Education

The Southeast Michigan Center for Medical Education was established in 1974 for the purpose of coordinating and assisting in the education of medical students, medical residents, faculty, and other health professionals. Its primary mission is to stimulate the delivery of quality care through excellence in graduate medical education and faculty development.

SEMCME is the largest community based medical education consortium in the Midwest. There are 235 accredited residency and fellowship programs in 83 specialties and sub-specialties, 3,353 approved residency and fellowship positions and over 4,000 university and community faculty.

The participating hospitals are:

- ◆ Beaumont Hospital, Dearborn
- ◆ Beaumont Hospital, Farmington Hills
- ◆ Beaumont Hospital, Royal Oak
- ◆ Crittenton Hospital
- ◆ Detroit Medical Center Hospitals
- ◆ Henry Ford Hospital
- ◆ McLaren Health Care Hospitals
- ◆ Providence-Providence Park Hospitals
- ◆ St. John Hospital and Medical Center
- ◆ St. Joseph Mercy Ann Arbor
- ◆ St. Joseph Mercy Oakland
- ◆ St. Mary Mercy Livonia

Wayne State University School of Medicine and Oakland University William Beaumont School of Medicine also participate as educational members of SEMCME. These universities make a vital contribution to SEMCME's education efforts.

The Southeast Michigan Center for Medical Education has established a process of pooling ideas for innovative medical education. Cooperation among member hospitals and universities, and the sharing of knowledge and experience, achieves educational benefits which no single institution can obtain alone.
