

3rd Annual SEMCME

Pediatric Resident Research Forum

Thursday, May 3, 2018

11:30 am – 5:00 pm

Children's Hospital of Michigan
3901 Beaubien St.
Detroit, MI 48201

About the Forum

This Third Annual SEMCME Pediatric Resident Research Forum is a collaboration between the pediatric residency programs at Beaumont Children's, Children's Hospital of Michigan, and St. John Hospital. It is designed to highlight quality resident research and foster intellectual curiosity in order to build a spirit of inquiry among the SEMCME pediatric resident physicians. The Forum will encourage research relationships, foster the development of research and presentation skills, and allow faculty members, residents and registrants the opportunity to exchange scientific information.

The Forum will feature consecutive slide presentations made by residents from the three participating hospitals. A panel of judges will determine the award winners.
