Patsy Recruiter
1111 Medical Drive
Sickness, Michigan 11111

Dear Patsy,

I am submitting my CV in response to an opportunity that I recently saw posted on your website. I am very interested in exploring this position and welcome the chance to talk with you about my practice and geographic interests.

As you will see from my enclosed CV, I will be completing my Internal Medicine residency with St. Joseph Mercy Ann Arbor in June 2019. I am interested in finding an outpatient internal medicine opportunity. I enjoy seeing a wide range of patients and am hoping for a full scope of practice. During my residency I particularly enjoyed disease management, including diabetes and respiratory concerns. I would be very interested in learning more about the resources your practice has to assist patients with education and care coordination that support your physicians.

I am focusing on hospital employed positions where I can work with an established group of physicians. I am very comfortable using EMR and have experience with NextGen, Epic and EClinicalWorks from my training program. I plan to take my Boards in July 2019 and would be available to begin working in August.

My wife Susan and I were both born and raised in Michigan and hope to raise our two children, Max and Mikayla, here as well. Our ideal location would be a medium size community within a couple hours of our families that offers Catholic schools and outdoor recreational activities.

I look forward to hearing from you regarding this opportunity. I can be reached most evenings at my cell phone (444) 555-6666 or via email at doctordoctor@gmail.com.

Sincerely,

Doctor Doctor, MD
