## About SEMCME

The Southeastern Michigan Center for Medical Education (SEMCME) is the largest community-based graduate medical education consortium in the United States. SEMCME was established in 1974 for the purpose of coordinating and assisting in the education of medical students, medical residents, faculty, and other health professionals. Its primary mission is to stimulate the delivery of quality care through excellence in graduate medical education and faculty development. SEMCME membership represents over 81% of Michigan residency programs. Each year, over 240 SEMCME committee members meet regularly to plan and conduct upwards of 30 educational programs for over 3,300 students, residents, faculty, coordinators, and others.
